This year we replaced our old outdoor targets with new danage targets. Our indoor targets are still in excellent shape. We implemented fees for the use of our targets to help with the replacement and maintenance cost of them. The fees are $500 for the use of a single trailer, and $800 for the use of both trailers for a major event. We also have a $5 per registered archer fee for the use of our targets for smaller club level events.

Outdoor target provincials has been awarded to Hinton, and we are just in the process of finalizing the dates.
